14) As recommended by the Director are seats in the proposed school of mines at Dhanbad maybe requested to be reserved for next year & one mysore candidate maybe selected for post graduate training.

(Sd) 14.7.26.
2nd member)

15) I think it desirable to get some of our men trained in this School.

16) We may ask for one seat to be reserved for us, and say that if we require another seat we shall apply for it later on.

17) one student may be selected and required to take the full four years Course and Condition similar to those imposed by the Govt of Central Provinces laid down to ensure that the Selected Student makes the best use of the opportunity given to him

Note.

18) As the annual expenses are estimated at Rs 650 and so the rate of Scholarship may be fixed at Rs 60 pm for all the 12 months.

19) No guarantee of any appointment can be made to the Student Selected for training but he should himself to serve the State if required to do so

20) As for the method of granting Scholarship, we may say that its amount will be settled before the Entrance Exam is held

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 8th June 1926.

Subject.

OPENING OF THE INDIAN SCHOOL OF MINES, DHANBAD.

Sir,

I am directed to forward for the information of the Government of Mysore a copy of a communique relating to the opening of the Indian School of Mines, Dhanbad.

2. It will be observed from the communique that the admissions to the School for the first year will be limited to fifty and will be subject to the passing of an entrance examination. It will also be seen that a certain number of vacancies will be reserved for each province and in this connection I am to say that if the Government of Mysore agree, it is proposed to reserve one vacancy each year for a qualified nominee of that Government.

3. The Government of India are anxious to encourag the giving of scholarships at this school by local Governments and other authorities and I am to say that if the Mysore Government are prepared to grant such a scholarship, arrangements would be made to reserve a second vacancy (in addition to the one referred to above) for the student to whom it might be awarded in any year. It is estimated that the total annual expenses of a scholar during the nine months' course will be between Rs.650/-

and

and Rs.750/-. In the three months' vacation scholars will ordinarily be expected to obtain practical experience of mining and they may thus have to incur small charges over and above their ordinary living expenses. I am to suggest that in fixing the term of any scholarship which the Mysore Government may be prepared to grant, one of two courses might be adopted. The first is that which has been adopted by the Government of the Central Provinces; vide the enclosed copy of rules framed by that Government. This method involves the allocation of the scholarship before the entrance examination is held, and has the advantage that it may enable students to take that examination who would not be prepared to do so without a guarantee that they will receive a scholarship, if successful. The alternative method is to award the scholarship on the results of the examination, thereby securing that the scholarship is granted to the best candidate.,

4. I am to request that the Hon'ble the Resident may be informed as soon as possible for communication to the Government of India of the extent to which the Mysore Government are prepared to avail themselves of the vacancies offered.

5. Should the Government of Mysore decide to institute any scheme for granting scholarships the Government of India would be glad to be informed of the arrangements decided upon.

I have the honour to be,

Sir,

Your most obedient servant,

Major.

His Highness the Maharaja of Mysore,
REVENUE DEPARTMENT.

(Camp)

With reference to your letter No.I.C.108 Géol.dated 28-6-26, forwarding copy of letter from the Secretary to the Resident in Mysore, with its enclosures in original, proposing to reserve one or two seats in the Indian School of Mines, Dhanbad, (to be newly opened) for students from Mysore State to be nominated by the Government and suggesting the desirability of instituting Scholarships to such students, I have the honour to state as follows:- - -

2. In 1920 two Mining Scholarships of Rs.50/- each per mensem were sanctioned by Government and made tenable in the Mining course of the Sibpur (Bengal) Engineering College. Much difficulty was then experienced to secure seats in that Institution for the selected candidates and finally the Bengal Government refused admission to our students. There was also some difficulty in the matter of the qualifications required for entrance to the Institution. The result was that arrangements had to be made for the students selected being ~~xx~~ trained elsewhere and this was done at the Tata Iron & Steel Works.

3. In the G.O. of 3rd Dec. 1921 No.2210-24 Edn.532-20-4, systematising the scholarships tenable in the State and in British India provision has been made for 2 mining scholarships (of Rs.50/- per mensem each) of one year duration or one of two years but there is no mention of the Institution in which the students selected were to get trained. In pursuance of this order only one candidate was given a scholarship in 1923 & 24

for about 18 months, but he had to be trained in the local Mysore Iron Works.

4. In the circular of the Bengal Engineering College it is seen that one place in the Mining Class has been reserved for a student from Mysore, but this has not been availed of, as Scholarships for Mining have not since been sanctioned by the Government.

5. Although there is not much scope in the State for the employment of Mining students, still I should think it desirable to get one Mysore student trained in Mining at least once in every four years, as it may not be difficult to avail of his services in Mysore. From the Government of India communique it is seen that the Institution to be opened at Dhanbad will prove to be a high grade one, the passed candidates being recognized all over India. I think the opportunity now afforded for the reserving of a seat or two for Mysore nominees should not be lost, and I would suggest the desirability of having one seat in the School reserved for Mysore every four years, the selected candidate being given a Scholarship of Rs.100/- per mensem as provided for by the Central Provinces Government. As in that Government, the Scholarship may be awarded to B.Sc, or B.E. candidates of the Mysore University for post graduate training.

6. If the above proposal meets the approval of Government it is necessary that the Scholarships for Mining students in the G.O. of Dec. 1921 should be revised so as to provide for one Scholar (of Rs.100/- per mensem for 3 years) in the Indian School of Mines, Dhanbad, once in every four years. The first Scholarship may be granted next year. It is desirable to have the Scholarship allocated before the entrance examination is held as adopted by the Government of the Central Provinces.

7. The original enclosures to your letter under reply are returned

returned herewith as desired.

Appendix. 11

Rules to regulate the award by the Government of Mysore, of Mining Scholarships at the Indian School of Mines, Dhanbad.

---

1. One Scholarship will be awarded to a Mysorean who wishes to take a course of training in Coal mining, Metalliferous mining or Geology.

2. The value of the scholarship will be Rs.60/- per mensem (calculated at 12 months for a year) throughout the course of training and it will be payable, while the scholar is at work and for vacations and during short authorised periods of leave.

3. The Scholarship will ordinarily be tenable for 3 years, but may be terminated at the end of the first or the second year, in special cases, on the satisfactory completion of the 3 years' course, the scholarship may be extended by another year for obtaining the Diploma of Associateship in Mining, Engineering and Geology, on the recommendation of the Governing Body of the School and of the Director of Geology, Mysore Government.

4. Payment on account of the scholarship shall begin from the date on which the scholar joins the School.

5. The Director of Geology will, once every 4 years, invite applications from candidates being Mysoreans, who have passed the B. Sc., or B.E., Examinations of the Mysore University or an equivalent

12

examination of any other recognised Indian University. ~~Preference will ordinarily be given to~~ He candidates who ~~have~~ undergone post graduate training or have graduated with honours. [The applications will be considered by a Committee consisting of the Director of Geology, Professor of Geology, Central College, Principal, College of Engineering, ~~Director of Industries & Commerce.~~ the Chief Inspector of Mines. The Committee will then forward the ~~selected~~ applications to the Government of Mysore with their recommendations.] as to which applicant is best qualified for being selected to undergo training.

6. The candidate selected will be required to pass the entrance examination of the School, before admission thereto.

7. The scholar must reside in the hostel attached to the School (unless exempted by the Principal of the School) and must abide by the rules and regulations prescribed by the Governing Body of the School.

8. The scholar will be required to ~~xxxx~~ enter into an agreement to serve the Government of Mysore, on completion of his training, should the Government desire to employ him. ~~It should however be distinctly understood that this does not imply a guarantee of employment, and that the Government cannot give any such guarantee to the student selected for training.~~ He will be at liberty to accept service elsewhere if he so desires in case he is not offered employment within 6 months after he has fully qualified himself.

Rev Secy. to Government.

M.G.D.12.]

Very Important

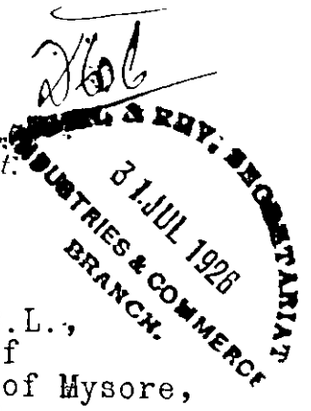
Geol. 159-25-6.

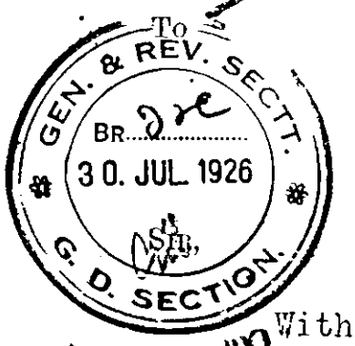
No. 1001-3

DATED, BANGALORE,
30th July 1926

FROM

B. JAYARAM, ESQ., F.G.S.,
Director, Mysore Geological Department.





To

C. Ranganatha Rao Saheb, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
REVENUE DEPARTMENT.

With reference to your letter No.I.C.477/Geol.159-25-4, dated 28th July 1926, forwarding a copy of rules proposed to be issued by Government for regulating the award of Mining scholarships and calling for my views on the same, I have the honour to state as follows:---

1. It is gratifying to note that the rules are in the main framed on the lines of the recommendations made by me in my letter of 9th July and I have therefore only a few observations to make.

2. A monthly scholarship of Rs.100/- was recommended by me considering the long distance the scholar will be from ~~house~~ home, the difficult and risky nature of the work he has to undergo during the course of training, the equipment he has to provide himself with for the course, the expenses connected with trips to mining centres that may be organized by the school for practical training, the railway expenses to and fro home once at least in a year for a short period during the vacation etc. The Government however have proposed to give a scholarship of only Rs.60/- and I would suggest that the following may be added to para 2 of the rules at the end. -

"It will be liable to alteration to the extent of the amount recommended by the Principal of the school in case the cost of training the student should exceed Rs.60/- per mensem."

2(4) Moreover we have fixed a very high qualification for the candidates - a B.Sc., or a B.E. with distinction and post graduate training and it is but right that the scholarship to such a one should be adequate to what is expected of him. It will not be in the interests of the Government or of the scholar if for want of sufficient funds the scholar should leave off the course in the middle.

3. In para 7 of the rules I would like that the words 'unless exempted by the Principal' should be left out, as I consider it very necessary and desirable that the student should live in the Hostel of the school and when a seat has been reserved for him.

4. The favour of orders are solicited as to whether I may call for applications from candidates for a scholarship to be awarded from next year, 1927-28, making necessary provision for the same in the budget.

I have the honour to be,
S i r,
Your most obedient servant,

B. Fayen Iam'

Rules to regulate the award by the Government of the Central Provinces of Industrial Scholarships at the Indian School of Mines, Dhanbad.

---:O:---

1. Two scholarships will be awarded to natives of the Central Provinces and Berar who wish to take a course of training in coal mining, metalliferous mining or geology.

2. The value of each scholarship will be Rs.100/- per mensem throughout the course, payable while the scholar is at work and for short vacations and short authorised periods of leave. It is liable to reduction on the recommendation of the Principal of the School if the cost of a student's training is less than Rs.100/- per mensem.

3. These scholarships will ordinarily be tenable for two years, but may be terminated at the end of the first year and in special cases may be extended further upto a total period of 4 years by the Central Provinces Government on the recommendation of the Governing Body of the School and of the Director of Industries, Central Provinces.

4. Payment on account of a scholarship shall begin from the date on which the scholar joins the school.

5. The Director of Industries, Central Provinces will every year invite applications from candidates who must have passed the B.Sc. examination of the Nagpur University or an equivalent examination of any other recognised Indian University. Preference will ordinarily be given to candidates who have done post-graduate training or have graduated with honours, if available. The Director will submit all the applications received to the Central Provinces and Berar Board of Industries and will forward the selected applications to the local Government with the Board's recommendation.

6. The selected candidates will be required to pass the entrance examination of the School before admission thereto.

7. Scholars must reside in the hostel attached to the School (unless exempted from the operation of this condition by the Principal of the School) and must abide by the rules and regulations prescribed by the Governing Body of the School.

8. Scholars will be required to enter into an agreement to serve the Government of the Central Provinces on completion of their

studies

studies should that Government desire to employ them.

GOVERNMENT OF INDIA.

Department of Industries and Labour.

COMMUNIQUE.

Indian School of Mines, Dhanbad.

The Government of India intend to open the Indian School of Mines at Dhanbad, Bihar and Orissa, on the 1st November 1926.

2. The School will provide high grade instruction in Mining Engineering and Geology and will be open to students from all parts of India and Burma. It will award certificates in Coal Mining, Metalliferous Mining and Geology on the satisfactory completion of a three years' course and the diploma of Associateship in Mining Engineering and Geology after a further year's course. All students will be required to reside in the hostel attached to the school.

3. Candidates for admission should be under 22 years of age and must have passed the Intermediate Science Examination of an Indian University or an examination of an equivalent standard. Admissions will be made on the results of *an* entrance examination, which will consist of written papers on English composition, Mathematics and Elementary Physics and Inorganic Chemistry. Candidates desiring to appear in this examination at Dhanbad will be required to pay a fee of Rs. 10. Fifty students will be admitted to the School this year. A certain number of admissions will be reserved at the School for each Province, the remaining admissions being open to the best candidates without regard to domicile. Applications for admission must be made on the prescribed form, accompanied by educational and conduct certificates and a medical certificate in the form prescribed. Copies of these forms can be obtained from the Principal, Indian School of Mines, Dhanbad, and applications must reach him complete in all respects not later than the 15th July 1926.

4. The Government of India have decided to award the following scholarships tenable at the school for three years:—

(i) One scholarship of Rs. 70 per mensem ; and

(ii) Two scholarships of Rs. 40 per mensem each.

These scholarships will be awarded on the results of the Entrance Examination of the School and one of the scholarships will be reserved in the first instance for students from the North-West Frontier Province, Baluchistan, Delhi and Ajmer-Merwara. The scholarships will be payable for nine months of the School session in each year.

5. A prospectus of the School giving detailed information relating to admission, etc., is in course of preparation and when published will be placed on sale at the Government of India Central Publication Branch, 8, Hastings Street, Calcutta, and at the office of the Principal of the School.

A. G. GLOW,
Deputy Secretary to Government of India.

Dated Delhi, the 3rd April 1926.

No. I. C. 1692-5—Geol. 158-25-9, DATED 16TH August 1926.

APPENDIX.

Rules to regulate the award of a Mining Scholarship at the Indian School of Mines, Dhanbad.

1. One scholarship will be awarded to a Mysorean who wishes to take a course of training in Coal Mining, Metalliferous Mining and Geology.

2. The value of the scholarship will be Rs. 60 per mensem for all the 12 months of each year of the period of training and it will be payable while the scholar is at work and for vacations; and during short authorised periods of leave.

3. The Scholarship will ordinarily be tenable for three years. On the satisfactory completion of the 3 years' course, the scholarship may, however, be extended by another year for obtaining the Diploma of Associateship in Mining, Engineering and Geology, on the recommendation of the Governing Body of the School and of the Director of Geology, Mysore Government.

4. Payment on account of the scholarship shall begin from the date on which the scholar joins the school.

5. The Director of Geology will invite applications from candidates who, being Mysoreans, have passed the B.Sc., or B.E., Examination of the Mysore University. Candidates may be required to note in their applications if they have undergone post-graduate training or have graduated with honours. The applications will be considered by a Committee consisting of the Director of Geology, Professor of Geology, Central College; Principal, College of Engineering, and the Chief Inspector of Mines. The Committee of which, the Director of Geology will be the Chairman, will forward the applications to Government with their recommendation as to which applicant is best qualified for being selected to undergo training.

6. The candidate selected will be required to pass the entrance examination of the School before admission thereto.

7. The scholar must reside in the hostel attached to the School and must abide by the rules and regulations prescribed by the Governing Body of the School.

8. The scholar will not be guaranteed any appointment under the Government, but will be required to enter into an agreement to serve the Government on completion of his training, should they desire to employ him within a reasonable time.

GOVERNMENT OF INDIA.

DEPARTMENT OF INDUSTRIES AND LABOUR.

COMMUNIQUÉ.

Indian School of Mines, Dhanbad.

THE Government of India intend to open the Indian School of Mines at Dhanbad, Bihar and Orissa, on the 1st November 1926.

2. The School will provide high grade instruction in Mining Engineering and Geology and will be open to students from all parts of India and Burma. It will award certificates in Coal Mining, Metalliferous Mining and Geology on the satisfactory completion of a three years' course and the diploma of Associateship in Mining Engineering and Geology after a further year's course. All students will be required to reside in the hostel attached to the school.

3. Candidates for admission should be under 22 years of age and must have passed the Intermediate Science examination of an Indian University or an examination of an equivalent standard. Admissions will be made on the results of an entrance examination, which will consist of written papers on English composition, Mathematics and elementary Physics and Inorganic Chemistry. Candidates desiring to appear in this examination at Dhanbad will be required to pay a fee of Rs. 10. Fifty students will be admitted to the School this year. A certain number of admissions will be reserved at the school for each Province, the remaining admissions being open to the best candidates without regard to domicile. Applications for admission must be made on the prescribed form, accompanied by educational and conduct certificates and a medical certificate in the form prescribed. Copies of these forms can be obtained from the Principal, Indian School of Mines, Dhanbad, and applications must reach him complete in all respects not later than the 15th July 1926.

4. The Government of India have decided to award the following scholarships tenable at the school for three years :—

(i) One scholarship of Rs. 70 per mensem ; and

SIR,

With reference to G.O.No:I.C.1092-5/Geol.158-25-9, dated 16th August 1926, sanctioning the grant of a scholarship once - in every 4 years in the Indian School of Mines, Dhanbad, and - requesting to point out the source in the current year's budget of this Department from which the expenditure to be incurred this year is to be met, I have the honour to state that no - scholarship can be granted to any this year as the time for - sending up applications has already passed. There is therefore no expenses to be incurred on this account this year.

2. The first scholarship can only be granted next year - 1927-28, and to do this it will be necessary to invite applications in about April next. In the meanwhile I have to request you to kindly get me a copy of the Prospectus of the school - giving detailed information relating to admission etc.

I have the honour to be,

Letter No.5072, dated the 7/8th September 1926, from the Principal Indian School of Mines, Dhanbad, to the British Resident in Mysore.

---:O:---

Grant of scholarship tenable at the Indian School of Mines.

I have the honour to refer to your letter No.7334/125-1926, dated the 23rd August 1926, addressed to the Political Secretary to the Government of India, Foreign and Political Department, a copy of which has been forwarded to me, with the request that I should communicate direct with you. I am pleased that the Mysore Government propose to award a scholarship tenable at the Indian School of Mines. The entrance examination of the School was held, however, on the 12th and 13th August 1926. It is, therefore, too late for candidates nominated by the Mysore Government to take the entrance examination at the School this year. In this connection, however, I wish to point out that two candidates domiciled in Mysore State sat at the entrance examination. Their names and particulars of their qualifications are attached. If there is no objection I suggest that the scholarship to be awarded this year might be awarded to one of those two students. If this proposal is accepted I shall forward, through you, a statement of the position attained by both of those students in the entrance examination.

---:O:---

Name of the candidate ..	Mr. R.S.Batni, Hindu Brahmin.
Father's name and address.	Mr. Sudha Rao Batni, Amildar, Chamarajanagar, Mysore State. B. Subba Rao.
Age.	22 years.
Educational qualifications.	Passed the B.A. degree examination of the Mysore University in 1925.

Name of the candidate. ..	Mr. H. Raja Rao, Hindu Brahmin.
Father's name & address ..	Mr. H. Ramamma, Cloth merchant, Hosmarsipur, Mysore State.
Age. ..	20 years & 8 months.
Educational qualifications.	Passed II year B.A. examination of the Mysore University and studying III year B.A. class of the same University.

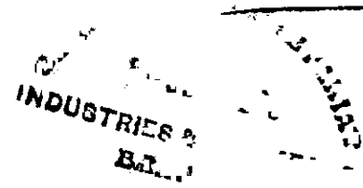
DEPARTMENT OF EDUCATION,
GOVERNMENT OF MYSORE.

2 00-1

No H.C. 293 of 26-27

Encl.



Office of the Inspector General of
Education in Mysore.

Bangalore, Dated 4th October 1926

K. Matthan Esq., B.A.,
Inspector General of Education in Mysore.

To

C. Ranganatha Rao Saheb Esq., B.A., B.I.,
Secretary to Government,
Development Departments.

Sir,

Adverting to Government Order No.H.C.1692-5/Geol.158-25-9 dated the 16th August 1926 published in the Mysore Gazette dated the 26th August 1926 regarding the grant of a Mining scholarship tenable at the Indian School of Mines, Dhanbad, I have the honor to state that in accordance with Government Order No.6201-7/Edn.146-16-8 dated 8th January 1919 re "Training School for Mining Artisans" young men with necessary qualifications were, for some years, being sent to the Engineering College, Sibpur, for training in the Mining class on a stipend of Rs.50/- each per mensem. The administration of these stipends was transferred from the Education to the Geological Department as per Government Order No.3470-520/Edn.154-20-21 dated 24th March 1922. The award of these stipends has probably been discontinued in recent years, but this department has no definite information on this point, though on a reference to the budget it is seen that the provision which used to be made in the budget of the Geological Department till 1924-25, has been discontinued for the last two years.

A seat in the Mining class of the Bengal Engineering College

is however being kept reserved every year for a scholar from the Mysore State. On a reference from the Principal of the Bengal Engineering College in February last, asking me to send my nomination, if any, for filling up the seat reserved for the Mysore State scholar, a notification calling for applicants desirous of joining the mining class in the said college was issued. But as no scholarship has been announced there has been no response hitherto. In these circumstances, I beg to suggest that the question of instituting a scholarship tenable in the Mining class of the Bengal Engineering College may also be considered.

I have the honor to be,

Sir,

Your most obedient servant,

Inspector General.

FROM

B. JAYARAM, ESQ., F.G.S.,
Director, Mysore Geological Department.

N. & REV. SECTT. 9 - NOV. 1926 G. D. SECTION.

To

C. Ranganatha Rao Sahib, Esquire, B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
Development Departments.

SIR,

With reference to your letter No. D. 2924 Geol. 158-25-17, dated 29th October 1926, forwarding a copy of letter of 4th October 1926, from the Inspector General of Education suggesting for consideration the question of instituting a scholarship tenable in the minig class of the Bengal Engineering College, and calling for my views in the matter, I have the honour to state as follows:-

2. My views in regarding to mining scholarships in general and those made tenable at the Bengal Engineering College have already been expressed in my letter No.1001-1, dated 9th July 1926, in connection with the instituting of a scholarship at the newly opened Indian School of Mines, Dhanbad, and I beg to invite your attention thereto. (Paras 2 to 5). For some reason or other the Bengal Engineering College has not found favour with our stuaents.

3. It appears to me that the course of studies in the Indian School of Mines is superior to that in the Bengal Engineering College and the institution of a scholarship in the former will better meet with our requirements, if any. The object of Government in instituting mining scholarships in 1919 appears to have been to train Mining Artisans, but as stated already there is not much scope in the Mysore State for men trained in this line.

4.

4. It is for the reasons above stated that I recommended but one scholarship every four years tenable in the Dhanbad School and the same has been sanctioned by the Government.

5. As mining activities in the State progress and want of trained men is felt more and more, the question of granting an enhanced number of shholarships will naturally arise and it can be carefully considered and properly provided for from time to time.

6. Since the right class of really promising students that deserve mining scholarships will be few and far betwwen, and since the training they should undergo be of a high standard and practical utility, it seems very necessary and desirable that all mining scholarships should be restricted to the Indian School of Mines at Dhanbad or some well recognized institutions abroad.

I have the honour to be,
Sir,
Your most obedient servant,

B. Rayan Rau.

Director,
Mysore Geological Department.

The Director of Geology,
Mysore Geological Department.
Bangalore.

Sir,

I, The undersigned beg to present the following lines to your kind and favourable consideration. I recently passed the B.Sc. degree Examination of this University (year 1926) in II class with Geology as main and chemistry as Subsidiary Subjects. By the Government Order No. I.C. 1692-5 Geol. 158-25-9 dated 16th Aug 1926, Published in the Mysore Gazette dated 26th August 1926, I came to know that the Government is pleased to award a Scholarship to a Candidate belonging to Mysore for undergoing the 4 year Course in the Indian School of mines at Dhanbad. I have a great desire to Study for the course, but my poor circumstances at home do not give me any chance for the Study.

I have also gone through the rules and regulations binding the Student for the award of the Scholarship and herewith beg to say that I am a Mysorean by birth belonging to Tumkur District and am in my 21st year (about 20 years and 10 months).

So, I hereby humbly request you to kindly recommend my case for the Scholarship to enable me for prosecuting my further Studies at Dhanbad and oblige.

Hoping you will be kind enough to grant my Prayer,

I beg to remain,
Sir,

Dated. 29th Aug 1926.
Mysore.

Your most Obedient Student
T.P. Krishnachar.
